## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There appears to be an error in the amendment to claim 1, line 5, in that "section" has been inserted where it would appear that "second" should have been. Subsequent claims then lack antecedent basis for "second solution". A simple correction will obviate this rejection.

The claims are still confusing as the relationship of the different cationic and anionic polyelectrolytes present in the solutions with the virus. There is enough confusion to render the claims indefinite as the claims do not particularly point out and distinctly claim the subject matter which applicant regards as the invention. It would appear that applicant should indicate that the anionic polyelectrolyte binds the virus and that the cationic one complexes the anionic (as indicated in claim 6).

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
